

2019 Walter and Helen Parke Loomis Symposium

New Frontiers in Plant Hormone Research

2019 Great Hall
May 6 Memorial Union
9 am - 4 pm

Loomis Lecturer

Dr. Keiko Torii

University of Washington/HHMI

Harnessing synthetic chemistry to understand and manipulate plant development

Minisymposium Speaker

Dr. Joseph Kieber

University of North Carolina

One hormone, many roles;
Role of cellular context in the response to cytokinin

Minisymposium Speaker

Dr. Stacey Harmer

University of California Davis

Circadian rhythms are turning heads:
clock regulation of sunflower growth and development

Minisymposium Speaker

Dr. Jose Alonso

North Carolina State University

Translation regulation of plant hormone responses

Registration

Registration for the symposium,
lunch, and poster session:
<https://shorturl.at/yLRZ9>

Sponsors

Walter and Helen Parke Loomis, Iowa State University (LAS, GDCB, Agronomy, Horticulture, BBMB, EEOB, RF Baker Plant Breeding), and Agricultural Entrepreneurship Initiative

**IOWA STATE
UNIVERSITY**
